SUMMARY

Motivated Computer Science postgraduate with strong skills in Java and web development. Passionate about building responsive and user-friendly applications with clean design. Continuously learning modern frameworks and improving problem-solving abilities through hands-on projects.

EXPERIENCE

Freelance Developer (Self-Initiated)

- Built and designed responsive web pages for practice and small freelance projects.
- Focused on improving UI/UX and performance optimization.
- Developed and completed a personal portfolio website showcasing projects and skills.

Self-learning and practice projects

- Consistently practiced coding and web development through personal projects.
 - Strengthened understanding of Java, frontend technologies, and database integration.
 - Explored real-world problem-solving by building mini applications.
-

TECHNICAL SKILLS

- Languages: Java, JavaScript
- Web Technologies: HTML, CSS
- Frameworks (Learning): React
- Backend: JDBC, Servlets, JSP
- Database: MySQL, Oracle
- Tools & IDEs: Eclipse, VS Code, Git, GitHub

PROJECTS

Personal Portfolio Website

- Designed and developed a responsive portfolio website to showcase skills and projects.
- Implemented modern UI design principles and mobile responsiveness.
- Focused on clean layout, user experience, and performance optimization.

Vendor Data Management System (VDMS)

- Developed a centralized system to manage vendor and transaction data.
- Implemented secure communication between warehouse and e-commerce modules.
- Generated reports and analytics for administration.

Examination Management System

- Built a web-based system to manage student, course, and faculty data.
- Automated academic data management processes.

EDUCATION

M.Sc Computer Science (2019-2021)
Udaynath Autonomous College of Science and Technology

Bachelor of Computer Applications (2016-2019)
S.Taramani Academic Regional College and Management
